Thanks again for a very productive meeting yesterday. I wanted to send a quick follow-up email to provide a forum for sharing the requested information and to solidify Caltrans' commitment to join / support the City's Unified Homelessness Response Center (UHRC) to ensure greater cooperation and communication, particularly on current joint cleanup operations.

Attached please find a copy of two sets of protocols guiding the City's response to homeless encampment cleanups in the public right of way (LA Municipal Code 56.11) and on Recreation and Parks properties (LA Municipal Code 63.44). We will send copies of our encampment cleanup reports for you to review shortly.

Please send a copy of the Caltrans protocols for resolving / cleaning homeless encampments at your earliest convenience.

We will convene the next meeting in early January 2019. We will continue discussions about the UHRC and improved coordination on current cleanup efforts and engage in further discussion of a blanket permit to allow the City to conduct cleanup operations on Caltrans property.

Thanks.

Brian
